

PRESS RELEASEAugust 15th, 2023**Xolaris Civil Security AB (Xolaris) and Flasheye AB (Flasheye) Forge Powerful Partnership to Strengthen and Elevate Security Solutions**

Luleå, Sweden — Xolaris, a renowned pioneer in developing and delivering cutting-edge software solutions to serve national security, law enforcement, and public safety organizations worldwide, is excited to announce its strategic partnership with Flasheye, an unparalleled innovator in lidar-based solutions used to protect critical infrastructure and beyond. This dynamic collaboration brings together the expertise of Xolaris and Flasheye, setting the stage for further advancements in protecting lives and infrastructure through state-of-the-art technologies.

Through this alliance, Xolaris and Flasheye aim to leverage their collective expertise and resources to develop game-changing solutions that will push the boundaries of technology-driven security operations. By capitalizing on the unique strengths of each organization, this partnership promises to deliver innovative solutions, enabling enhanced situational awareness, streamlined operations, and fortified security and protection solutions.

"This partnership marks a super exciting milestone in our journey," said Ulf Lindström, CEO at Flasheye. "By joining forces with Xolaris, we are poised to amplify our impact and extend our reach, ultimately empowering the clients with the most advanced lidar and protection systems available."

Mohsen Tavakol, CEO at Xolaris, echoed the sentiment, saying, "Our collaboration with Flasheye represents a significant stride towards realizing our shared vision of a safer world. Together, we will bring new attractive and advanced solution combinations to the security market."

About Xolaris

Xolaris has delivered strategic investigative intelligence solutions, based on processing, analyzing and visualizing digital footprints and related data in the mobile networks, to national security authorities, public safety organizations, and law enforcement agencies globally for over 20 years. Xolaris comprehensive solutions play a vital role in protecting communities, investigating and preventing crime, enabling efficient operations, and enhancing decision-making processes.

About Flasheye

Flasheye is a leading innovator in lidar-based solutions, specializing in protecting critical infrastructure and enabling enhanced automation and safety across various industries. Flasheye's solutions process and visualize 3D data in real-time to detect changes and danger in and around protected infrastructure. Through delivering cutting-edge technologies, Flasheye provides advanced solutions that enable precise measurements, real-time insights, and superior threat detection capabilities.
